

# Looking to Donate?

Since 1901, The Children's Shelter has provided safe homes for children. Today, we offer emergency shelter and residential treatment for children in crisis and help children find permanent homes in foster care and adoption. Our Family Strengthening programs teach nurturing parenting skills to vulnerable families.

The Children's Shelter relies on our community to help us realize our vision: Happy Children, Nurturing Families and Strong Communities. With assistance from people like you, we create brighter futures for children and families. Your donations are always welcome, but some of the most needed items are listed below.

## Most needed items:

- Diapers (4, 5, and 6)
